Subject: Region 4 Comments RE: NC DEQ - REACH CASE - DRAFT NOTIFICATION OF REINITIATION OF INVESTIGATION

Hi Lilian

The letters are good, just a couple of comments:

1. In both letters, Ken is listed as Deputy Regional Administrator, this needs to be changed to Assistant Regional Administrator

2. In the recipient, the following sentence is sufficiently vague as to what we want them to provide-I suggest clarifying what additional information they could provide or maybe rewrite this sentence for clarity

In the intervening time, please feel free to provide OCR with any information that you believe will assist OCR in this matter.

I AM Diversity!

Subject: NC DEQ - REACH CASE - DRAFT NOTIFICATION OF REINITIATION OF INVESTIGATION

Hi Ken, hope you're doing well. Attached, please find draft letters to the complainants and the recipient in the NC DEQ – REACH (swine feeding operation) case, notifying them that, in light of the conclusion of the ADR process in this case, we are reinitiating the OCR investigation. Could you please take a look and let us know if you have any comments? We were hoping we could issue these by COB tomorrow, but please let me know if you need additional time to review.

Note that in the letter to NC DEQ, we let them know that we will be sending them a Request for Information in the near future. We are working on the RFI. As soon as we have an OCR/OGC/DOJ draft, we will share it with you and then OW, OAR, etc., and then most likely, providing a heads up to a broader group including OPA, Lou, John, Matt, etc. We have not fully thought out all of this coordination but wanted to keep you posted re the probable next steps. Please let us know if you have any questions. Thanks for your help! Lilian

Hello Betsy, Mike and Larry. I'm writing to let you know that Marianne Lado Engelman of Earthjustice, the lead representative for complainants, has contacted me regarding REACH, the Title VI discrimination complaint which alleges race and national origin discrimination related to swine feeding operations in North Carolina. Ms. Lado Engelman advised that the complainants have concluded that ADR is unproductive; they therefore request that OCR reinstate its investigation. In requesting recommencement of the investigation, Ms. Lado Engelman stated:

"Finally, we wanted to mention that our initial mediation session was interrupted by an effort by the National and North Carolina Pork Councils to interject themselves into the mediation process. Despite the terms of ADR, which included a requirement that mediation

be confidential, and despite our clear opposition to their self-styled “motion to intervene” in the complaint and mediation process, five representatives from the Pork Council appeared without notice to Complainants at the first mediation session. Their presence and insistence at playing a role in mediation delayed the start of our session and acted as a form of intimidation of our clients. Representatives from DEQ failed to object to the behavior. Indeed, quite the opposite, they tried to persuade Complainants to consent to bringing the Pork Councils into mediation. We thought it was relevant and important to bring these events to your attention.”

FYI, in response to the councils’ request to intervene in ADR, in or about January, I notified the requesters that the parties would have to agree to include them and that OCR does not participate in ADR. Ms. Lado Engelman was copied on the response.

As ADR has ended, OCR will relaunch its complaint investigation. Shortly after OCR began the investigation, you provided POCs for your office. We realize that they may have changed. Would you please provide the names of current POCs ASAP and by Friday, 3/18?

Thank you for your ongoing assistance!

Hi Louis (and William). We at OCR are happy to bring you up to speed and share next steps on REACH. I'm copying Lilian Dorka, Deputy Director, and asking that she let you know whether she'll do this or have the Case Mgr. do so. As for the Ex. 5 - Deliberative Process which just arrived, Lilian will share whatever info she can. Take care.

Hello Betsy, Mike and Larry. I'm writing to let you know that Marianne Lado Engelman of Earthjustice, the lead representative for complainants, has contacted me regarding REACH. the Title VI discrimination complaint which alleges race and national origin discrimination related to swine feeding operations in North Carolina. Ms. Lado Engelman advised that the complainants have concluded that ADR is unproductive; they therefore request that OCR reinstate its investigation. In requesting recommencement of the investigation, Ms. Lado Engelman stated:

“Finally, we wanted to mention that our initial mediation session was interrupted by an effort by the National and North Carolina Pork Councils to interject themselves into the mediation process. Despite the terms of ADR, which included a requirement that mediation be confidential, and despite our clear opposition to their self-styled “motion to intervene” in

the complaint and mediation process, five representatives from the Pork Council appeared without notice to Complainants at the first mediation session. Their presence and insistence at playing a role in mediation delayed the start of our session and acted as a form of intimidation of our clients. Representatives from DEQ failed to object to the behavior. Indeed, quite the opposite, they tried to persuade Complainants to consent to bringing the Pork Councils into mediation. We thought it was relevant and important to bring these events to your attention.”

FYI, in response to the councils’ request to intervene in ADR, in or about January, I notified the requesters that the parties would have to agree to include them and that OCR does not participate in ADR. Ms. Lado Engelman was copied on the response.

As ADR has ended, OCR will relaunch its complaint investigation. Shortly after OCR began the investigation, you provided POCs for your office. We realize that they may have changed. Would you please provide the names of current POCs ASAP and by Friday, 3/18?

Thank you for your ongoing assistance!

Hi all just sent letters to ken for his review. And looking again at the letters right now it occurs to me that we say "OCR is re initiating its investigation". Shouldn't it be "OCR HAS re initiated its investigation?" To say "is" makes it sound like we are starting now over a month after we've re told, but we started up again very soon after we were told ADR failed. Is there a reason we need to keep "is"? Thoughts?

Importance: High

Hi all – I was going to send the letters to Ken tonight for review/concurrence. However, I made a few edits and wanted to let you see those before sending. Please scream (loudly via email ☺) if you disagree with any of the edits.

- I used the formal process name for ADR rather than just “mediation.”
- I thought the letters needed to look more alike and wondered why complainant didn’t also get a restatement of **the issue** OCR will investigate (not the **allegation** we will investigate.)
- Also, traditionally, the retaliation language is included in both the letter to recipient and the letter to complainants so that both know about rights/responsibilities.
- Finally, just made a couple of style changes – less passive voice.

Again, please let me know if you disagree with any of this. I am hoping I can send this to Ken when I am back from training for a brief moment at 12:30.

Thanks!

Hi. Because Mary is out and I had thought OCR was trying to get this letter to the region today, attached are my reaction/response to Velveta's comments on the recipient letter. These comments could be carried forward to the complainant letter, if we all agree.

But, I think, as reflected in my comments, that it would be useful if Erika could follow up with Velveta regarding her first comment in order to get a clearer idea of her intent.

Hi Ken, hope you're doing well. Attached, please find draft letters to the complainants and the recipient in the NC DEQ – REACH (swine feeding operation) case, notifying them that, in light of the conclusion of the ADR process in this case, we are reinitiating

the OCR investigation. Could you please take a look and let us know if you have any comments? We were hoping we could issue these by COB tomorrow, but please let me know if you need additional time to review.

Note that in the letter to NC DEQ, we let them know that we will be sending them a Request for Information in the near future. We are working on the RFI. As soon as we have an OCR/OGC/DOJ draft, we will share it with you and then OW, OAR, etc., and then most likely, providing a heads up to a broader group including OPA, Lou, John, Matt, etc. We have not fully thought out all of this coordination but wanted to keep you posted re the probable next steps. Please let us know if you have any questions. Thanks for your help! Lilian

Subject: NC DEQ - REACH CASE - DRAFT NOTIFICATION OF REINITIATION OF INVESTIGATION

Hi Ken, hope you're doing well. Attached, please find draft letters to the complainants and the recipient in the NC DEQ – REACH (swine feeding operation) case, notifying them that, in light of the conclusion of the ADR process in this case, we are reinitiating the OCR investigation. Could you please take a look and let us know if you have any comments? We were hoping we could issue these by COB tomorrow, but please let me know if you need additional time to review.

Note that in the letter to NC DEQ, we let them know that we will be sending them a Request for Information in the near future. We are working on the RFI. As soon as we have an OCR/OGC/DOJ draft, we will share it with you and then OW, OAR, etc., and then most likely, providing a heads up to a broader group including OPA, Lou, John, Matt, etc. We have not fully thought out all of this coordination but wanted to keep you posted re the probable next steps. Please let us know if you have any questions. Thanks for your help! Lilian

Hi Mary,

I have it pulled up and I can narrow down by permits but it does not give me the demographics of the surrounding area so this would take some time to do. Most articles that I have read that shows what you are requesting cite to Dr. Wing's report.

Using that, can you all do a series of maps of the state. Each map showing a different type of CAFO?

I know somewhere there are maps of the demographics by county. Ex. 6/7(c) - Privacy

Is there a way to figure out the basics/get a quick & dirty idea of where the different types of CAFOs are located from the spreadsheet on the NC DEQ website, the website itself (I felt like there was a map on the NC DEQ website (or somewhere) that showed their locations, but I haven't gone back to look), or from some other source?

What are your thoughts?

Do you want to have a meeting at some point this week to talk about the RFI & the call with OAR before it happens on Thursday?

Are you all looking for time to talk with Lilian and Kurt this week about the RFI & DOJ or is that something that is covered in the Wed morning meetings (if those are happening again)?

The DEQ website link allows you to make queries by the permit type and/or other attributes. The results, based on your query, depict the locations for the permitted activity.

That is what I thought.

Using that, can you all do a series of maps of the state. Each map showing a different type of CAFO?

I know somewhere there are maps of the demographics by county. Maybe Wing's report.

That way we can get a rough idea of whether there is any big difference btwn demographic near different types of CAFOs

I have been out of the office and am just returning.

DEQ has a GIS mapping of each of the permitted facilities. You can query this mapping for specifics elements.

Jeryl & Ericka-

Is there a way to figure out the basics/get a quick & dirty idea of where the different types of CAFOs are located from the spreadsheet on the NC DEQ website, the website itself (I felt like there was a map on the NC DEQ website (or somewhere) that showed their locations, but I haven't gone back to look), or from some other source?

Ex. 5 - Deliberative/ACP

What are your thoughts?

Do you want to have a meeting at some point this week to talk about the RFI & the call with OAR before it happens on Thursday?

Are you all looking for time to talk with Lilian and Kurt this week about the RFI & DOJ or is that something that is covered in the Wed morning meetings (if those are happening again)?

For planning purposes, I am out this Friday.

I am back. My schedule is wide open until 4 pm.

I will look into setting up a call.

Have you all done any looking at where the other types of CAFOs are located?

If not, maybe we can figure out a quick way to do that before we ask for all that data.

Subject: RE: Update on Interviews

I'm clearly catching up on emails. We'll wait for you all to get back to us to confirm a time for the 11th.

Let's reserve two hours for each interview because there is so much ground to cover. If we don't use the time or **Ex. 6/7(c) - Privacy** we don't have to use the whole time.

Thanks,

Marianne

Marianne-

Thank you for letting us know about **Ex. 6/7(c) - Privacy**
Ex. 6/7(c) - Privacy Please do let us know if he wants to do it earlier, we are happy to accommodate that as well. For now we will book 10 am on May 13th. How much time do you think we should reserve?

We will check calendars for the times **Ex. 6/7(c) - Privacy** is available and get back to you in the next day or two to set up the call/interview.

Thanks, Mary

Re: Matter of NC Department of Environmental Quality

Many thanks for your call late last week.

Ex. 6/7(c) - Privacy hopes to be available for a phone interview on Friday, May 13th. Let's go ahead and put it on the calendar for 10 am.

I've also spoken to **Ex. 6/7(c) - Privacy** who is willing to be interviewed by OCR and is available on May 11th any time from noon to 5 pm eastern. I suggested that we might reserve a two hour time slot, though the interview might take less time. As an alternative, if May 11th isn't possible for you, she can also be available on April 29th from 4-6 eastern. May 11th is preferable.

Please let me know if these times will work for you and we will confirm them with **Ex. 6/7(c) - Privacy**.
Ex. 6/7(c) - Privacy I'll keep you posted if I hear any news from **Ex. 6/7(c) - Privacy** and he is available earlier.

Sincerely,

Marianne
